

# St John

St John is a major international charity working to improve the health and wellbeing of people in over 40 countries of the world.

Our mottoes are: For the Faith, in the Service of Humanity

## **Our Values**

- We believe that we have a moral obligation to work together to help others without discrimination
- We believe in serving others to the best of our ability
- We believe in welcoming each person who wishes to share in our work
- We believe that our volunteers and staff bring energy, enthusiasm and commitment, which we seek to harness to the very fullest extent
- We believe in actively sharing our skills and experience to increase our effectiveness

## **Our Commitments**

We are committed:

- to adapting our programmes to meet the changing needs of the communities which we serve
- to providing all our services to the highest possible standards by setting rigorous performance goals and measuring our achievements against them
- to providing opportunities for the personal development of those who are engaged in our work
- to co-operating with other organisations where this makes our work more effective
- to conducting our affairs with integrity and transparency, and
- to acting with due regard to the natural environment
